EXPERIENCE

Rainforest QA

Product Design Intern — May 2017 to Aug 2017

- Redesigned and shipped multiple core platform features by partnering with PMs and engineers.
- Assisted in defining and implementing a new design language, and helped create scalable design processes in a start up environment.

Hexa Tea

Product Design Consultant — Sep 2016 to Dec 2016

- Conducted 12+ user interviews and created user personas to understand target market.
- Defined multiple facets of Hexa Tea's user experience, from visual to physical space design.

Nvidia

Data Labeling Intern — Jun 2016 to Aug 2016

- Completed data labeling tasks for the development of deep neural networks in Nvidia's advanced driver assistance systems.
- Collaborated with a team of engineers and interns.

EXTRACURRICULARS

Berkeley Innovation

Dir. of Marketing + Proj. Manager — Jan 2016 to Now

- Oversee a team of 4 design consultants, leading an iterative design process and interfacing with clients.
- Organized and promoted a career fair with 4 companies and over 200 attendees.

Innovative Design

Visual & Web Designer — Sep 2016 to May 2017

- Designed logos, flyers, and visual brand assets for organizations throughout Berkeley.
- Coded and deployed functioning websites for clients.
